WAIVER OF LIABILITY

In exchange for the authority to use ASA Compliance Number,

_____

(member company)

agrees to follow the guidelines put forth in the Alberta Sign Association STANDARD SIGN DETAILS prepared by Precision Engineering Inc.

The member company understands and acknowledges that, by signing this waiver; the Alberta Sign Association is released and forever discharged from any claim for compensation or damages arising from the improper manufacture or installation of any sign.

Further, the member company understands that Compliance Numbers are available from the Association office to members who have purchased the STANDARD SIGN DETAILS manual. The cost per Compliance number is $100.00 plus GST and requests for Compliance Numbers must be accompanied by a description of the sign product (sign type, quantity, dimensions, and the advertiser's name) as well as the installation address.

Only members in good standing may utilize the ASA Compliance Numbers and only when the member is both the applicant and is assuming liability for the installation. The City of Edmonton has been instructed to refuse ASA Compliance Numbers submitted with applications for signs existing without permits or submitted by non-members unless accompanied by a letter from the Association stating that the member company who provided the Compliance Number did in fact install the sign or has inspected the installation and assumes liability for the installation. The additional charge for this service is $50.00 plus GST.

The Board may request random audits to determine the level of adherence to the standard. Failure to observe proper procedure may result in withdrawal of the privilege. ASA Compliance Numbers are non-refundable and Non-transferable.

We have read and understand how to use the STANDARD SIGN DETAILS manual and agree to follow the guidelines contained therein.
